## About Town

And Country

By TIMOTHEUS T.

Candace Malone

MISS CANDACE MALONE, No. 303, won the annual Fire Prevention essay contest at Harrisburg Township high school with a paper that bore the fascinating title, "An Old Flame Can Still Be Fickle."

Results of the winner and the five receiving honorable mention have been announced at HTHS by Eltis Henson, principal. All essays had numbers instead of names and it wasn't until the winning numbers were turned in to the high school by the judges that the names of the winners were known.

Miss Malone, daughter of Mr. and Mrs. Albert Malone of Carrier Mills Road 1, is a freshman at HTHS.

Receiving honorable mention were Janet Goltosky, freshman, daughter of Mr. and Mrs. Walter Goltosky, 824 West Poplar; Janice Gideumb, senior, daughter of Mr. and Mrs. Frank Gideumb, Carrier Mills Road 2; Judy Reynolds, senior, daughter of Mr. and Mrs. Hubert Reynolds, 612 West Lincoln; Charles Cummins, senior, son of Mr. and Mrs. Walter Cummins, 1200 South Granger; and Jo Ann Priest, senior, daughter of Mr. and Mrs. Warren Priest, 524 West Sloan.

The contest is sponsored annually by the insurance firm, Robertson and Ghent. Miss Malone's prize as winner is her choice of a tuition check to Southern Illinois University or a \$50 Series E bond.

This is her essay, and it is a mighty good one:

### AN OLD FLAME CAN STILL BE FICKLE

We will never know how man learned to make fire. He discovered a light and a source of heat which would serve him ever after. He probably saw that it could destroy him and his belongings. He

## Traffic Lights in Operation; Pedestrians Warned by Police

Will Receive Tickets Also if Signals Ignored

The city's new traffic signal lights were in operation today and the police department's biggest concern was the pedestrians.

Although the light standards tell pedestrians when to cross, a number of them were ignoring the light signals which say "walk" and "don't walk."

Chief of Police Ross Lane said that in an effort to prevent pedestrians from being killed or injured by crossing the streets against the lights, traffic tickets will be given to them as well as to motorists when the signals are ignored.

"People must learn that they cannot cross the street against the lights," he stated. "And they should obey the pedestrian light that is directly across the street in the direction they are crossing."

Lane also said that pedestrians should not cross the streets leading to the intersection in the middle of the block.

Sneed Jordan, commissioner of streets, said that temporary pedestrian lanes will be painted out part of the distance from each curb and that in the spring, permanent block-type lanes will be installed.

The lights were turned on yesterday afternoon after an inspection by four members of the state division of highways.

Chief Lane said the stop-and-go lights will be in operation from 6 a. m. to 10:30 p. m., that during

the remainder of the night there will be a red flasher signal, which means that the intersection should be observed as a four-way stop.

## Death Takes Levi Chitty, 78

Levi Chitty, 78, of 23 Rose street, died at 8:30 a. m. today at Lightner hospital, where he was taken during the early hours of the morning, with a heart ailment. He had been in failing health for more than a year.

Mr. Chitty came to Harrisburg from Vienna about 15 years ago, and the Murrie funeral service of Vienna took charge of his body, which will be returned to the residence in this city.

He was the stepfather of Robert Keltner, manager of the Rainbow Rexall Drug store, and he had worked as a drug store clerk before his retirement.

He and Mrs. Chitty have been prominent members of McKinley Avenue Baptist church. She has also been in poor health and is in bed most of the time because of her illness.

Ewing Hildred Graham of Galatia will leave tomorrow morning for induction into the armed forces. It was announced today by the Saline County Selective Service Board.

Galatia Youth to Leave for Induction

## Fail to Find Clues in Slaying Of Two Sisters

Frozen Bodies Are Found In Muddy Ditch

CHICAGO (AP) — Seventy men searched the snowy woods along Devil's Creek today but uncovered no clue to the slaying of two teen-aged sisters.

The nude, frozen bodies of Barbara Grimes, 15, and her sister, Patricia, 13, were found in a muddy ditch Tuesday by a construction worker taking an afternoon drive.

An autopsy was begun this morning by Dr. Edwin E. Hirsch, chief pathologist at St. Luke's Hospital, and Drs. Jerry Kearns and A. C. Webb, of the coroner's office.

Police, sheriff's deputies and officers from a half dozen western suburbs fanned out through the woods on each side of Devil's Creek this morning.

They were looking for the victims' clothing, personal effects or any other clue the snow-blanketed woods might hold. But after an hour and a half of futile tramping along a two-mile stretch of the creek, the search was abandoned for the time being at least.

Dumped from Road

The bodies, one on top of the other, were found in a ditch near German Church Road at a point near the spot where Devil's Creek runs through a culvert beneath the blacktopped road.

Investigators believed the bodies were dumped there from the road, and doubted that a search of the woods along the creek would turn up any clues. But they took no chances.

They said the slayer apparently was in a hurry, because he could have carried the bodies a few feet further and dumped them down a steep embankment to the creek.

## Temperature Drops to 19 Above After 2.40 Inch Rain Here

The temperature dropped this morning to 19 degrees after unusually warm weather during which 2.40 inches of rain fell in three days.

The creeks in the area rose yesterday and last night at 11:15 all pumps were put into operation on Middle Fork, pumping water into the reservoirs north of town. The pumping was still in progress this morning.

Lake Harrisburg rose, too, but there was no information available as to how much.

**DEATH CAR AND VICTIM**—At right, center is body of Hancil Farris, Eldorado, fatally injured when the car at left overturned as he was driving around a curve on Route 142 three miles east of Eldorado last night. Farris was thrown out of the car and underneath the machine. The car had been righted when this picture was taken. (A. Sweat Photo)

## Richard Paul Gray, Galatia, Deputy County Clerk, Dies

A well-known Galatia resident, Richard Paul Gray, died last night at the Barnes hospital in St. Louis, Mo., where he was taken Jan. 12 after first suffering a cerebral hemorrhage. His age was 45.

Gray was first superintendent of the Galatia water plant and served until becoming ill. He was clerk of the Village of Galatia for a number of years and had also served as a state drivers' license examiner. He was a deputy county clerk in charge of tax books when stricken.

The body is being returned to Galatia by the Courtney funeral service. Arrangements are incomplete.

He leaves his wife, Virginia, one son, Richard Paul Gray Jr., Elgin, and two daughters, Susan and Sandra, at home; his parents, Mr. and Mrs. Will Gray of Galatia, and a brother, Randol Gray of Elgin.

## City's New Police Car Arrives

The city's new police car, a Pontiac ordered in December, will be put in operation today, Chief of Police Ross Lane announced.

The new car, dark green in color, is specially equipped. Police radio equipment was being installed and lettering was being painted on the vehicle today.

IT'S A GIRL:

## 8 Pound, 3 Ounce Baby Born to Princess Grace

MONACO (AP) — Princess Grace gave birth to a girl today and a nervous Prince Rainier announced the news to the world himself.

The baby was born at 9:27 a. m. (3:27 a. m. EST). She arrived during a heavy rainstorm.

The Prince gave the news over Radio Monaco to his 2,500 subjects who are now guaranteed additional years of immunity from French taxes and the military draft.

The baby weighed 8 pounds, 3 ounces. She has blue eyes, like her mother, and brown hair.

Dr. Emile Hervet, who officiated at the birth, said mother and child are doing fine, a palace spokesman said. Hervet said labor lasted just under 2½ hours.

One of the four doctors who assisted in the delivery said Grace had less trouble than most mothers with their first born. He said the Princess took no anesthetic and was able to assist in the delivery. The birth was "remarkably normal" and both mother and child came through in perfect condition, he said.

"It's a healthy, howling American baby girl," he said.

In his official announcement, the Prince said:

"I thank God that everything went all right."

(Continued on Page Six)

## Walter Vaughn, Harrisburg, Seriously Hurt

LeRoy Potts of Eldorado Jailed On Intoxication Charge

Hancil Farris, 47-year-old Eldorado resident, was killed almost instantly last night when the car he was driving overturned on a Route 142 curve three miles east of Eldorado.

Injured was a passenger, Walter Vaughn of Harrisburg, a patient in Ferrell hospital. Deputy Coroner Ralph Bean of Eldorado said Vaughn apparently was in a serious condition, suffering back and hip injuries.

Also in the automobile was LeRoy Potts of Eldorado, said to be the owner of the car. State Policeman Adolph Sweat said Potts was brought to the Saline county jail and that intoxication charges would be filed against him.

The trio was returning to Gallatin county when the car overturned on the Leonard Berkel curve, Sweat said Potts told him. The incident occurred around 6:30 p. m.

Dies Almost Instantly

Sweat said Farris was thrown out of the auto and died almost instantly, apparently of a broken neck. The body was taken to the Bean and Tanner funeral home in Eldorado, where it will lie in state.

Coroner James Thornton last night said he had set no date for the inquest.

Farris, who had been a driver of the Long service car between Eldorado, Harrisburg and Carrier Mills, is survived by his wife, Reba, two daughters, Mrs. Mary Boyle of Pekin, Ill., and Mrs. Doris Metcalf of Eldorado; a son, Hillis Farris, at sea in the U. S. Navy; and a stepson, Wayne Parks of Indianapolis.

He also leaves three brothers, Albert Farris of Eldorado, Alvin Farris of Evansville and Herschel Farris of Norris City; four half-brothers, Donald Farris, Leon Farris, Dennis Farris and Carl Farris, and a half-sister, Vera.

Funeral arrangements for Mr. Farris have not been completed and will be announced later.

## Ghent Purchases Robertson Interest In Insurance Agency

George M. Robertson has sold his interest in the Robertson-Ghent Insurance agency to Bill Ghent, who is now the sole owner. After a short tour of duty with the United States Air Force, Mr. Robertson will return to this community and devote his time to other business interests.

This agency was originated by J. C. Robertson during the year 1919. After Mr. Robertson's death in 1938, his son, George, continued the business as an individual proprietor until 1941. At that time, the business was merged with the insurance firm of Crecellus and Ghent and continued operation under the name of Robertson, Crecellus and Ghent until the death of Mr. Crecellus in early 1954.

George M. Robertson and Bill Ghent immediately thereafter purchased the interest of Mr. Crecellus and continued the business under the name of Robertson-Ghent as it is known today.

Mr. Ghent stated that he will continue the use of the name of Robertson-Ghent and will continue to represent the same companies and offer the same kind of insurance protection and bond service which has distinguished this firm during the past four decades.

## The Weather

Illinois: Partly cloudy tonight. Thursday partly cloudy north, mostly cloudy south with chance of snow extreme southwest by Thursday night. Not quite so cold Thursday. Low tonight 5-15 above south. High Thursday 25-32 south.

**KIWANIS' INSPIRATIONAL MEETING** — Nine clubs were represented at a Division 16 Kiwanis inspirational meeting held last night at the Masonic temple. Nearly 100 Kiwanians were in attendance. In picture above (left to right) are shown Fred Wunderlich, Harrisburg, lieutenant governor for 1957; Richard Davenport, president of the local club; District Governor George W. Fischer of Mt. Carmel; and past lieutenant governors Loy Barger, Harrisburg, Ray Owens, Marion, Wolf Berbling, Cairo, Leon Whitney, Anna, and George Scherrer, Shawneetown. (Daily Register Staff Photo)

## Kiwanis District Governor Speaks At Divisional Meeting Held Here

A Kiwanis Division 16 inspirational meeting, held last night at the Masonic temple, was attended by nearly 100 persons from the local club and eight other clubs. Members were present from Anna, Cairo, Carbondale, Harrisburg, Herrin, Marion, Metropolis, Murphysboro and Shawneetown.

The inspirational meeting was the first under Lt. Gov. Fred Wunderlich of the Harrisburg club, and George W. Fischer of Mt. Carmel, governor of the Illinois-Eastern Iowa district of Kiwanis International, was the principal speaker.

Governor Fischer, in honoring the 42nd anniversary of Kiwanis, reviewed the International and District objectives, stressing the International theme for 1957—Integrity, Leadership, Service.

"The theme presents a challenge to clubs for service during the year. The words describe the true Kiwanian who is dedicated to his club, his community and his country," Governor Fischer stated.

Governor Fischer reviewed the work of Kiwanis for youth, especially through the Key clubs such as the one the local club sponsors at the high school. The Key club, Governor Fischer stated, is one of the most worthwhile projects for youth as the boys in the Key clubs carry on worthwhile projects.

He also reviewed the spastic paralysis research program conducted by the Illinois-Eastern Iowa district whereby each club member pledges a contribution for a five year program. The first five year program has been completed and the district officials have voted to continue the worthwhile project for another five years.

The club members were greeted by Richard Davenport, president of the local club, who introduced the past lieutenant governor's button to Leon Whitney, of Anna, who held the office in 1956, and who in turn presented the lieutenant governor's button to Wunderlich.

Davenport was presented an emblem from Governor Fischer designating Harrisburg as the home club of the lieutenant governor.

Past lieutenant governors introduced at the meeting were Mr. Whitney of Anna, Wolf Berbling, Cairo, Loy Barger, Harrisburg, Ray Owens, Marion, and George Scherrer, Shawneetown.

Davenport was presented the traveling gavel by Lt. Gov. Wunderlich and the Harrisburg club will take the gavel to another club within the next two weeks.

Special singing at last night's meeting was led by Bob Burnett with John Schork at the piano.

#### BIBLE THOUGHT FOR TODAY

Blessed are ye when man shall  
revile you and persecute you and  
say all manner of evil against you  
falsely for my sake.—Matt. 5:11.  
This life is a preparatory school  
for something better and higher  
than the imagination can soar.

#### No Colonial Designs

**Editorial — BY BRUCE BLOSSAT**  
The program President Eisen-  
hower presented to Congress plain-  
ly is not designed to enable the  
United States and the free world  
to meet the whole broad range of  
problems now besetting the Middle  
East.

It contains no proposal for action  
in event of a resumption of the  
conflict between Israel and the  
Arab states. It does not suggest  
that we shall intervene in Middle  
Eastern states when the complaint  
is not foreign military aggression  
but political and economic penetra-  
tion. It does not deal with ulti-  
mate solutions of the Suez Canal  
dilemma.

Indirectly it hits at Russian po-  
litical and economic warfare by  
offering economic assistance of an  
order which could conceivably re-  
duce the vulnerability of the Mid-  
dle East to such tactics. In other  
words, stronger, healthier nations  
are likely to be less susceptible to  
Moscow's siren song.

But, basically, the President's  
program is a plan of military ac-  
tion to meet any possible Commu-  
nist military threat to the Middle  
East.

Some say this threat never has  
been serious. The administration  
takes the view that it has been  
and is. There does seem good  
sense in resolving doubt on the  
side of caution. History has shown  
—as recently as Korea—that ag-  
gressions sometimes are undertak-  
en in the mistaken notion that ma-  
jor powers will not act to counter  
the moves.

If the President's plan is adopt-  
ed, we will have given Russia firm  
notice in one more region of the  
world that we are prepared to  
stand against its aggression with  
armed force. This would be bound  
to help dispel whatever lingering  
thoughts may exist in Kremlin  
minds over military gestures to-  
ward the Middle East.

The most important aspect of the  
program is our expressed determi-  
nation not to intervene, however,  
unless requested to do so by a vic-  
timized nation. This is not a plan  
for imperialist domination. It is  
a proposal to help assure the in-  
dependence of countries which wish  
to remain free.

Our purpose then is not to "move  
into the vacuum" created by the  
decline of British and French po-  
wer, but rather to help Middle East-  
ern nations build and hold the  
strength to fill the vacuum them-  
selves.

The program is bound to be as-  
sailed as "imperialist" by Middle  
Eastern elements and Communist  
lands which have most to gain by  
misrepresenting America and the  
West. It is notable that Egypt and  
Syria, already most markedly un-  
der Soviet influence, have been  
loudest in protest.

We must hope that in time most  
Arab peoples will understand the  
program for what it is.

As Congress weighs the plan, the  
lawmakers, too, must keep in mind  
not only what the program is, but  
what it is not. It deserves to be  
judged within its clearly marked  
limits—and to be set against any  
reasonable alternative programs  
Congress may devise.

#### We Are Dependent, Too

Recent increases in the prices  
of crude oil and gasoline in the  
United States are expected by the  
experts to become nationwide.  
Some crude prices have shot up  
12 per cent.

In consequence, motorists may  
soon be paying more for fuel and  
homeowners likewise for heating  
oils.

One of the firms involved in the  
boost declared that one big cause  
was the notable rise in the oil in-  
dustry's costs since the last price  
hike in 1953, three and a half years  
ago.

But it is agreed, too, that the  
sharp drop in shipments of Middle

## The Washington Merry-Go-Round

By **DREW PEARSON**

**DREW PEARSON SAYS:**  
Humphrey's Disagreement  
Over Budget Is Deep: He Has  
Hinted To Senate Leaders He  
Might Resign; No Other  
Cabinet Member Has Publicly  
Challenged The Budget.

WASHINGTON. — The blast  
against Ike's record peacetime  
budget touched off by Secretary  
of the Treasury George Humphrey  
hasn't simmered down yet. Nor  
did it explode only at Humphrey's  
press conference. It has been  
building up for some time and  
penetrates deep.

Humphrey has even indicated  
to Republican leaders on Capitol  
Hill that he might retire from the  
cabinet. On the surface, this  
would seem unlikely. Humphrey  
and the President have been very  
close.

Talking to one friend, however,  
Humphrey used language reminis-  
cent of that he and other busi-  
ness leaders once said about  
FDR's New Deal.

"Those people across the  
street," he nodded toward the  
White House, never had to meet a  
payroll.

"They've got to cut out all this  
welfare nonsense."

This hit directly at Humphrey's  
own former undersecretary, Mar-  
ion B. Folsom, whom he recom-  
mended to be secretary of health,  
education, and welfare. Folsom,  
former executive of Eastman Kod-  
ak, and not exactly a radical,  
has boosted his welfare budget to  
three billion—more than it ever  
was in the days of Truman or  
Roosevelt.

This is one reason Humphrey is  
irked. He complains privately  
that two-thirds of the increased  
budget spending between the low  
and high Ike budgets is non-secu-  
rity. He still thinks, however, that  
security spending is too high.

"We can cut off \$10 billion  
more," he exploded to a friend.

"You don't really mean that  
much, do you?" the friend press-  
ed.

"Perhaps not," Humphrey cor-  
rected, "but at least three to four  
billion."

IS TIGHT MONEY RIGHT?

Because the President has lean-  
ed so heavily on the secretary of  
the treasury, and because Hum-  
phrey's advice has been so un-  
equivocally accepted on all eco-  
nomic matters in the past, the  
current difference between the  
Treasury and the White House is  
far more significant than what  
the politicians have labeled it—  
"the first break in the Eisenhow-  
er team."

Basically it involves the ques-  
tion of tight money and the New  
Deal theory of high government  
spending to maintain prosperity.  
Humphrey believes in tight mon-  
ey, doesn't believe in pump prim-  
ing. Some of those around the  
White House disagree.

At the moment they have Ike's  
ear. Twice Eisenhower, worried  
over high interest rates and re-  
stricted credit, has talked to his  
secretary of the treasury and asked  
in effect: "Are you sure, George,  
this policy of tight money is  
right?"

Humphrey described one of  
these conversations to Republi-  
can leaders on Capitol Hill, in  
which he said he told the Presi-  
dent in vigorous, unvarnished  
language just how he felt Hum-  
phrey reported that Ike smiled  
and said nothing. Humphrey even  
told GOP leaders that he was  
prepared to come before the Sen-  
ate Appropriations committee and  
testify just what could be cut in  
the Eisenhower budget.

Under the rules governing ev-  
ery administration this amounts  
to revolt. It is the law of the  
White House, whether Republican  
or Democrat, that a cabinet of-  
ficer can object to a budget figure  
as much as he likes inside the  
family. But once the figure has  
been set by the Budget Bureau,  
the argument stops. From that  
point on, the President's official  
family stands firmly together.  
They do not argue in public.

Secretary Humphrey violated  
this code.

Had he violated it under Tru-  
man he would have been fired the  
next day. Truman fired Henry  
Wallace and Louis Johnson when  
they differed with administration  
policy. Roosevelt let some of his  
cabinet officers differ with each  
other. But he never let them dif-  
fer with him—or with the budget  
—publicly.

Humphrey has now differed  
with the officially fixed budget of  
the President. He has done it  
publicly and he has indicated that  
he will keep on doing it. This is  
the biggest economic and person-  
nel problem facing the President  
at the start of his new term.

#### MERRY-GO-ROUND

Pat Nixon, the vice president's  
Eastern oil via Suez to the U. S.  
east coast is a prime factor. Fur-  
thermore, U. S. shipments abroad  
to take up some of the serious Mid-  
dle Eastern slack have put addi-  
tional pressure on our supplies.  
When you begin putting out that  
extra money for gasoline and oil,  
you will be experiencing afresh the  
lesson of America's close econo-  
mic links with the rest of the world.  
In this interdependent age there  
seems no way to gain insulation  
against the events that stir any  
quarter of the globe.

wife, wore her famous cloth coat  
to the last inauguration. But this  
year she had a fitted black fur  
coat made of Afghanistan lamb  
pelts given by the Afghanistan  
government, also a white ermine  
stole; besides which, the vice  
president gave Pat a custom  
made mink stole for Christmas.  
It's a long way back to 1952...

Correspondent

Mrs. Norma Booten  
Honored With Shower

Mrs. Helen Flanders was hos-  
tes to a pink and blue shower at  
her home Wednesday in honor of  
Mrs. Norma Booten.  
Attending were Mesdames Dor-  
othy Williams, Eula McConnell,  
Inez Frohock, Ella Colbert, Alpha  
Flanders, Rosetta Colbert, Katie  
Booten, Verna Williams, Mary Cas-  
ey, Ida Mae Booten, Dorothy Mills-  
paugh, Helene Dillard, Mealie Boot-  
en, Myrtle Carnett, Maud Moore,  
Marie Walters, Isophine Carnett,  
Inez Gibbs, Virgie Baldwin, Car-  
rie Elliott, Virgie Barnett, Rose  
Patton, Lou Barnett, and the hon-  
ored guest, Norma Booten.

Mrs. Marie Walters won the door  
prize. Games were played and  
prizes won by Inez Gibbs, Sue Bar-  
nett, Rosetta Colbert and Verna  
Williams.

After the gifts were opened and  
admired sandwiches, cookies, cof-  
fee and cold drinks were served.

Miss Sandra Colbert spent Sat-  
urday night and Sunday with her  
parents, Mr. and Mrs. Ralph Colbert  
and family.

The Ladies' Aid met Wednesday  
to quilt. Those present were Mes-  
dames Ella Colbert, Lola Bentley,  
Janie Thacker, Bessie Fugate, Ro-  
setta Colbert, Juanita Potter, Lela  
Elliott, Laura Fuhr, Virgie Bald-  
win and Maggie Scroggins.

Mr. and Mrs. John Collins and  
daughter visited Sunday afternoon  
with her parents, Mr. and Mrs.  
Anthony Fuhr.

Mr. and Mrs. Jesse Scroggins  
called on Mr. and Mrs. Raymond  
Street Sunday.

Rev. and Mrs. Clifford Potter  
called on Mr. and Mrs. Ed Tan-  
ner Sunday afternoon.

Mr. and Mrs. Harold Edwards

called on Mr. and Mrs. Anthony  
Fuhr Sunday, after returning from  
a 10-day trip to Iowa and Colorado.

Mr. and Mrs. Jesse Colbert and  
J. L. Milligan were visitors of Mr.  
and Mrs. Jim Milligan recently.  
While there they visited with a  
nephew and niece, Mr. and Mrs.  
Pete Cosner who were guests of  
her parents.

Rev. Clifford Potter accompa-  
nied by his wife and Mrs. Linda  
Gulley filled his regular ap-  
pointment here Sunday and were  
dinner guests of Mr. and Mrs. Her-  
man Bentley.

Rev. Darnell Casey of Omaha,  
Rev. and Mrs. Davis Karnes and  
Rev. Earnest Bradley were visitors  
at church Saturday night. Rev.  
Charles Watson.

#### Record Arrests in District 13 by State Police During 1956

DU QUOIN, Ill. — District 13,  
Illinois State Police at Du Quoin  
made a record number of arrests  
last year, but traffic fatalities were  
cut 27 per cent.

State police made 7,639 arrests  
in the 17-county district. Ninety-  
five persons died in traffic acci-  
dents in 1956 compared with 131  
in 1955.

Franklin and Randolph counties  
topped the fatality list last year  
with 10 each.

#### Why "Good-Time Charlie" Suffers Uneasy Bladder

Such a common thing as unwise eating  
or drinking may be a source of mild, but  
annoying bladder irritations—making you  
feel restless, tense, and uncomfortable. And  
if restless nights, with nagging backache,  
headache or muscular aches and pains due  
to over-exertion, strain or emotional upset,  
are adding to your misery—don't wait—  
try Doan's Pills.

Doan's Pills have three outstanding ad-  
vantages—act in three ways for your speedy  
return to comfort. 1—They have an easing  
soothing effect on bladder irritations. 2—A  
fast pain-relieving action on nagging back-  
ache, headache, muscular aches and pains.  
3—A wonderfully mild diuretic action thru  
the kidneys, tending to increase the output  
of the 16 miles of kidney tubes. So, get the  
same happy relief millions have enjoyed for  
over 60 years. Ask for new, large, economy  
size and save money. Get Doan's Pills today!

#### Unconditional Offer! No Strings Attached!

CLINIC BUILDING  
HARRISBURG

The Savoy 4-door sedan—one of three great Plymouth lines.

The luxury of big-car styling,  
comfort, performance...

all yours in the  
**low-price Plymouth!**

You see at a glance—this is a big car. A dart-smooth  
sweep of glistening steel, a full 17 feet from bumper to gleam-  
ing bumper. And so completely new it will stay new for years!

But slide behind the wheel of this biggest of low-price  
cars to really appreciate the all-new Plymouth's mighty  
size. There's headroom to spare. Hiproom and legroom galore.  
No interior space was sacrificed when Plymouth designed this  
low-slung beauty—even road clearance remains unchanged.

Big-car comfort, too, in the amazing steadiness of new

Torsion-Aire Ride that melts away bumps and ruts. You're  
"floated" over the highway, with never a sway when you turn,  
never a dip when you stop. No other low-price car has it!

And performance? This Plymouth is loaded with GO.  
You can command the highest standard V-8 engine in the low-  
price three—now a mighty 215 hp! Under perfect control with  
super-safe Total-Contact Brakes, and Push-Button driving.

See and drive the low-price car with the most big-car  
value at your Plymouth dealer's today.

WHEN YOU DRIVE A **Plymouth** YOU'RE 3 FULL YEARS AHEAD

Don't miss Plymouth's great TV program: "The Ray Anthony Show." See TV section for time and station.

# Social and Personal Items

## Miss Carolyn Herron, Wm. Donald Mark Exchange Vows

A lovely January bride was Miss Carolyn Herron, daughter of Mr. and Mrs. Waldo B. Herron of 212 East Walnut, whose marriage to William Donald Mark, son of Mr. and Mrs. Donald R. Mark of Kansas City, Mo., took place Saturday, Jan. 19, at two o'clock in the afternoon at the First Baptist church in Harrisburg.

The pastor, the Rev. Joe Morman, officiated at the double ring ceremony before a white altar decorated with candelabra, greenery and baskets of gladioli. Candlelighters were Eddie Price and Jerry Cain.

The bride wore an exquisite ballerina length gown of old fashioned chantilly lace over white satin designed with a tight fitted bodice with long sleeves which came to a point over the hands. The bodice featured a regal Queen Anne's collar. Her veil of illusion was secured to a white lace medallion clip with rhinestone trim and she carried tiny white butterfly roses and hyacinth with nylon tulle and white velvet tubing. She also carried out the old tradition of "something new, something borrowed, something blue."

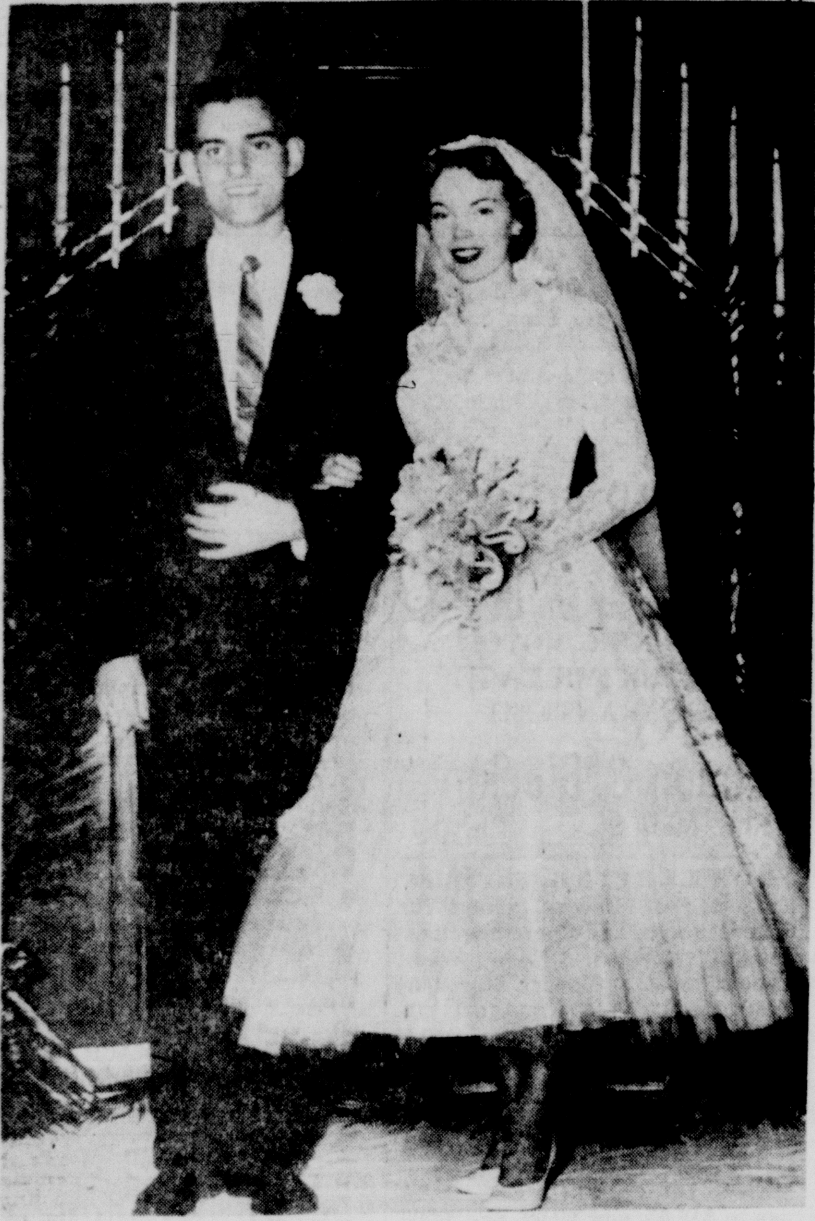

Miss Frances Hamp, close friend of the bride, was maid of honor, wearing a lovely ballerina length dress fashioned with a bodice of pink jersey with a pink satin rounded neckline and a gathered skirt of pink chiffon. Her bouquet was of tiny pink lady roses with white butterfly roses and white pompoms with pink net and feathered ribbons and pink streamers.

Don Ray of Kansas City served as best man. He is a former Phi Delta Theta fraternity brother to the bridegroom at the University of Missouri.

Corby Wickham and Stanley Price served as ushers.

Mrs. Irene Norman played a medley of wedding selections at the organ which included "O Promise Me," "Thine Alone," "If I Could Tell You," "Because," and the "Wedding March" from "A Midsummer Night's Dream" by Mendelssohn.

The bride's mother chose a French colored blue lace dress with rhinestone trim with white accessories and a corsage of white carnations. Mrs. Mark chose for her son's wedding a taupe two piece dress with

Mr. and Mrs. William Donald Mark  
(Foster Studio Photo)

beige accessories and a corsage of white carnations.

The bride and groom both attended one year at the Kansas City University, and the bridegroom is now office manager at the Yellow Hansel Freight lines in Kansas City, Mo.

Immediately following the ceremony the couple left for their home in Kansas City.

Out of town guests were Mr. and Mrs. Donald R. Mark, Miss Marilyn Mark, Mrs. Don Ray, Mrs. Helen Fields, all of Kansas City, Mo., Mr. and Mrs. Harold Johnson of Edwardsville.

## Rainbow Workers Class Meets With Mrs. Beulah Glass

The Rainbow Workers of the Dorrisville Baptist church held its regular meeting Tuesday at the home of Beulah Glass.

The meeting was opened with the class song, "Wherever He Leads I'll Go." Wilma Grable, president of the class, read the 23rd Psalm and prayer was offered by Marchetta Lambert.

Refreshments of cherry pie with ice cream, coffee and Cokes were served and a most entertaining social hour was enjoyed by those mentioned and the following: Imogene Dixon, Mary Wilkinson, Lodema Sisk, Novella and Nancy Sherrod, Wilma Grable, Barbara Reynolds, Nora Price, Jeanie Glass and two visitors, Mrs. Dorothy Smith and Donna Ferrell.

The next meeting will be with Nora Price in February.

## Nursery Shower Held For Mrs. Victor Wallace

A pink and blue shower was held recently at the home of Mrs. Gertrude Carnett in honor of her daughter, Juanita.

Present were Mrs. Delmar Mattingly, Mrs. Henry Waddell, Grandma James, Mrs. Carl Waddell, Mrs. Bill McNabb, Mrs. Hil-da Kowite and Billy Joe, Mrs. Duck Cress, Mrs. Floyd Butler, Mrs. Ralph Lauderdale, Mrs. Lacy Hubbard, Mrs. Harry Stricklin, Mrs. Kimble Wallace, Mrs. John Ed Heathman and Christy, Mrs. Alonzo Reiner.

Mrs. W. P. Turner, Mrs. Harry Smith and Mary, Mrs. T. V. Wallace, Mrs. Paul Emery and Ronnie, Mrs. M. Gwaltney, Mrs. Bill Wiley and daughter, Mrs. Ben Partain, Mrs. Jim Smith, Mrs. Don Smith and Sonnie, Terry, Mickie and Diana, Mrs. Gertrude Carnett and little Vickie Lynn Wallace.

## Mrs. Lizzy Clark Hostess To Handicraft Club Members

The Handicraft club met at the home of Mrs. Lizzy Clark with eight members present doing ball point painting.

Members are asked to note that the meeting has been changed to the third Tuesday instead of Friday, the next meeting to be held Feb. 19 at the home of Mabel Somers.

Present were Mary Stone, Mittie Beers, Edna Conwell, Mabel Somers, Gladys Edwards, Katy Lee Whitlock, Beulah Reynolds and the hostess, Lizzy Clark.

Cecil Wasson is in Barnes hospital in St. Louis where he is to undergo surgery.

## Calendar Of Meetings

Midway Lodge No. 942 I. O. O. F. will meet Thursday at 7 p. m. for work in the second degree. All Odd Fellows are invited to be present. Vernon Hyers, N. G.

The Candlelight Home Bureau unit will meet with Mrs. J. W. Norman in Pankeyville today at 7:30 p. m.

The adult choir of the First Methodist church will meet Thursday at 7 p. m. for rehearsal.

The choir of the First Christian church will meet today at 8:30 p. m. for practice.

The Union Association of the Social Brethren youth will have their regular meeting at Golconda church on Friday, Jan. 25, at 7:15 p. m. Everyone invited.

Stanley Dorris, 320 West Church.  
Hester Kittinger, Raleigh.

## Births

To Mr. and Mrs. Chelsea Atkinson, Morris, Ill., a boy named James Thomas, weighing seven pounds and two ounces, born Jan. 2. Word of the new baby came to his mother, Mrs. Pearl Atkinson, 1429 South Land street, Harrisburg, by whom the announcement is made here.

To Mr. and Mrs. Alvin Short, 216A West Park, a boy named George Douglass, weighing seven pounds, four ounces, born Jan. 22 at the Harrisburg hospital.

To Mr. and Mrs. Stanley Rix, RFD 2, Marion, a girl weighing seven pounds, 14 ounces, named Pamela Lee, born Jan. 22 at the Harrisburg hospital.

Mr. and Mrs. Cal Wiedemann left today for Miami, Fla., and will visit Key West and make a trip to Cuba before returning home.

Pat Malone, Western Adjuster and Inspection Co. representative well-known in Harrisburg, underwent surgery in Barnes hospital Monday. He is scheduled to return to his home in St. Louis Thursday, then return to the hospital for another operation in six weeks.

## Two Saline County Students Take Part in Murray State Musical

The twentieth anniversary of "Campus Lights," Murray State College annual music show, will be celebrated in the 1937 edition of the annual musical and variety show to be held in the auditorium Feb. 21-23.

The show will feature hit musical numbers from each show in the last 19 years and will in addition have past directors of at least nine shows presented to the audience as a number from their show is played. Among them will be Bob Beltz, Paducah, Ky., son of Mr. and Mrs. Louie Beltz, of this city.

Two Saline county youths are taking part, Dick Norris, son of Mr. and Mrs. Elbert Norris of Harrisburg, a junior who sings first bass with "The Murray Men," plays in the band and is an assistant copyist, and Georgia McCutcheon of Carrier Mills, a sophomore who will sing in the chorus.

Director this year is Bob Hogan.

Mrs. J. A. (Marsha) McGuire was admitted to the Lightner hospital Sunday and expects to be there several days. She would appreciate cards.

## Jaguar Announces Fastest Production Car

COVENTRY, England (AP) — Jaguar Motors today announced what it called the world's fastest production-line car, specifically intended for the American market. The two-seater XKSS will reach a speed of 170 miles per hour and is suited for both road use and sports car racing, the company said.

## CONSTIPATED? New laxative discovery un-locks bowel blocks without gag, bloat or gripe

Constipation is caused by what doctors call a "stuffy" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONOID, the amazing new laxative discovery possesses COLONOID's great moisturiz-

ing capacity, plus COLONOID's stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONOID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy. Superior to old style bulk, salt or drug laxatives, COLONOID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions. It's a physiological fact: Exercise tones your body! And COLONOID exercises your colon to tone it against constipation, overnight! Get COLONOID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

In Memoriam  
In loving memory of our mother  
MRS. MINNIE UPCHURCH  
who passed away seven years  
ago Jan. 21:  
Though suffering, she breathed  
not a murmur,  
For the Comforter stood by her  
side  
And whispered: "Fear not, I am  
with thee,  
With Me shalt thou ever abide."  
On the river a pale boatman has  
tended,  
She heard the soft dip of his oar;  
Then from earth and sorrow he  
bore her.  
Across to that beautiful shore.  
Sadly missed by her son, Frank  
Upchurch, Walled Lake, Mich. 174-1

## Better Understanding with Russia Aim of Administration: Eisenhower

WASHINGTON (AP) — President Eisenhower said today that one of the chief aims of his administration during the next four years would be to achieve a better understanding with the Soviet Union.

He also said that American forces would be armed with tactical atomic weapons if it became necessary for them to fight in the Middle East.

He said the equipment of such forces with atomic weapons has now become routine from the military point of view.

Mr. Eisenhower met with 264 reporters. It was his first news conference since Nov. 14.

The questions rained down on him and his answers, for the most part, were unusually brief. Here were the main highlights of the conference:

1. He agreed with Secretary of Treasury George M. Humphrey that every effort should be made by Congress to economize as far as practicable on the budget for fiscal 1958 of nearly \$72 billion.

2. He said that Humphrey, in stating that a dreadful depression would occur if federal spending was not reduced, was talking about a hypothetical situation in the distant future. In the foreseeable future, the chief executive said he did not believe there was any possibility of a depression of the proportions of 1929 because federal and state welfare payments would take up a great amount of economic slack. And in the chief

executive's opinion there are no signs of slack developing.

3. He refused to confirm or deny a statement by Adlai E. Stevenson that the National Security Council voted unanimously last September to halt hydrogen bomb tests, but then was reversed for political reasons. Mr. Eisenhower said that because of security considerations he could not even hint at an NSC decision, but he reminded reporters that the NSC is an advisory body and all major security decisions finally are his.

### About Town And Country

(Continued from Page One)  
also found that it played no favorable role.

Fire is running amok as a destroyer of good things. It damages some 400,000 homes in the United States and Canada each year, killing some 11,000 people and injuring thousands more.

The ways of burning down one's home are as varied as man's ingenuity. Many well-meaning people are turned into amateur arsonists by not using their heads. One's home is not fire resistant; therefore one must follow rules of preventing fires in one's home.

There are rules which would prevent hazardous fires in one's home. Some people wait until it is too late to repair the hazards. Some of the more frequent hazards are smoking and matches, defects in the heating system, misuse of electricity, wooden shingle roofs, rubbish, hot coals and ashes, flammable liquids, and the kitchen stove.

It is amazing how many people cremate themselves by falling asleep in beds or on a stuffed sofa with a lighted cigarette in their fingers. Smoking in attics, closets, and other storage areas can also be suicidal. In enclosed places such as these, there is usually enough paper, clothing, and other rubbish to set the stage for a good fire.

Children and matches are a very inflammable combination. They cause one out of every fifty home fires. Children do like to pull out drawers and play with matches if they are made available.

Most houses have to be heated, and those houses with defective heating systems contain the seeds of their own destruction. One-fifth of all home fires start because the heating from furnaces, space heaters, or faulty flues gets to the defective areas before they are repaired.

Many of our homes have cracked chimneys. These chimneys are hazards because the fuel in the furnace or fireplace doesn't burn completely. The remains of the fuel accumulate in the chimneys as soot which can burn again another day.

An effective partner of a defective chimney is the wooden shingle roof. Wooden shingles catch fire with ease from a passing spark of any kind. Thus, they have won fourth place among fire starters in dwellings.

The misuse of electricity causes twelve per-cent of the home fires. One does not need a stove to cook with electricity. One can easily fry up the house without going near the kitchen, mainly because many of the wiring systems are old and plug-in appliances are so common. To make sure one does a good job, one should not forget to turn off the iron. In recent years some forty fires a day have been started by irons, with an estimated annual loss of \$1,625,000.

Rubbish seems to attract fires like garbage attracts flies. People who collect and save old papers, rags, and other combustible trash are merely inviting science's old friend, spontaneous combustion. If a person is a collector of these things he must remember that rags that have been soaked in paint or cleaning and polishing solutions can set themselves on fire without the stray cigarette or prying spark.

Hot coals and innocent ashes are also aids to the red peril. Everyone knows that a wooden box or barrel will burn when in contact with heat. Therefore by putting coals in a wooden barrel your cellar or wherever the box may be may become a veritable blast furnace.

Open fireplaces are romantic, but they also afford ample opportunities for fires to roam around the room. A fire that is allowed to indulge in log-rolling, or spark-throwing after one has retired may become a bed partner later.

One also can get a bang out of flammable liquids. One out of every five housewives uses gasoline for a dry cleaning at home. The result is 200 dead and 1,000 injured each year. Firebugs need rely not only on gasoline, but benzene, naphtha, kerosene, and other flammable liquids will do just as well.

Protect your home. Even you cannot be perfect. Remember, the red peril may be your next bed partner.

### Ashley Man Dies in Fire

ASHLEY, Ill. (AP)—Raymond E. Robinson, 62, Ashley, died early today in a fire that swept his home.

Washington County Deputy Coroner Charles Hagebush said Robinson apparently suffocated. Robinson's wife, Sophie, was in East St. Louis visiting a grandchild, authorities said.

### Irvin Makes Last Appeal to Escape Electric Chair

INDIANAPOLIS (AP) — The only condemned killer in Indiana's death house makes his last appeal to escape the electric chair before a state court today.

Leslie Irvin, 33, a former Evansville steamfitter, is in solitary confinement at Indiana State Prison on near Michigan City awaiting execution for one of six cold-blooded murders he was accused of committing for a paltry sum of less than \$5 stolen from the victim.

His present execution date is March 29.

### Mrs. Tom French, Former Long Branch Resident, Dies

Mrs. Rachel Ann French, 88, widow of Tom French, died in the Memorial hospital at Mattoon yesterday afternoon.

She was formerly of the Long Branch community north of Galatia and a member of the Long Branch Baptist church.

She was a sister of the late Mrs. W. J. Cotter of Galatia.

Survivors include the following nieces and nephews: Mrs. Dora Mings, Galatia RFD, Mrs. Ethel Lasswell, Broughton RFD, Mrs. Martha Patterson, Galatia RFD, Willie Cotter of McLeansboro, Cecil Cotter of Evansville and Herman Willis of Mattoon with whom she made her home for the past few years.

The body lies in state at the Courtney funeral home. Services will be held Thursday at 2 p. m. at the Long Branch funeral home. The pastor, Rev. W. A. Ward, will officiate, and burial will be in Rector cemetery in Hamilton county.

### Two Guardsmen Continue March For Polio Benefit

ZEIGLER, Ill. (AP) — Two teen-aged National Guardsmen began the second half of a four-day march for the March of Dimes today.

Pfc. Jerry Plasters, 19, and Pvt. Larry Yates, 18, both of West Frankfort, have collected some \$500 for polio in the first two days.

They began today's trek from Herrin with stops scheduled at Zeigler and Christopher. Wednesday, they will wind up the march at West Frankfort, after starting at Christopher and marching thru Benton.

Plasters and Yates slogged thru rain Tuesday. Today the weather was clear and 40 degrees colder as they set out.

### Dominick Bertino, 48, Dies Near Wasson

Dominick Bertino, 48, whose home was on Harrisburg RFD 4 west of Wasson, died there yesterday at 4:30 p. m. He had been in failing health for some time but death came unexpectedly.

He was a barber by trade.

He leaves his wife, Bertha, a daughter, June, his mother, Mrs. Josephine Bertino of Eldorado, two brothers, Pete and Bob of Eldorado, two stepsons, Gilbert Walsh of Decatur and Russell Walsh of Oregon; also five step-grandchildren.

A sister, Mrs. Olga Monge, preceded him in death dying Dec. 14 of 1950.

Mr. Bertino was a member of the Harrisburg Eagles Lodge No. 2406.

The body lies in state at the Bean and Tanner funeral home in Eldorado and funeral plans will be announced later.

### 8 Pound, 3 Ounce Baby Born to Princess Grace

(Continued from Page One)

Dr. Charles Bernanconi, director of the Monte Carlo clinic, 21-Gun Salute.

Princess Caroline will have "dual nationality." Rainier said his child would be "uniquely" Monacan. But the U. S. State Department said the child will be an American since her mother is.

At 9:40 (3:40 a. m. CST), a jeep-load of dark blue-uniformed Monacan guardsmen rocketed out of the castle and sped toward the two old French 47-mm cannons on the waterfront.

At 11 o'clock, the cannons began booming out the news of the arrival of the heir to the Monacan throne. A tense populace counted each round, fired at 10 to 15-second intervals. The firing stopped at 21—the salute to a daughter. A son would have rated 101 rounds.

Every churchbell in this postage stamp-sized principality—about the size of New York City's Central Park—pealed out in joyous counterpoint to the cracking of the guns.

Thus the daughter of an Irish-American bricklayer gave Europe's oldest ruling family its latest heir in a line that stretches unbroken across eight centuries of European strife and struggle.

The baby will be heirless apparent. In the event Grace bears a son, he will become heir to the throne.

But for Monacans, it was a matter of small concern. The main thing is that the child ensures the continued independence of Monaco from France. The treaty, signed in 1918, exempts Monacans from paying taxes and military service as long as the throne is occupied by a Grimaldi.

## Mothers' March For Polio Jan. 28

### Will Canvass Harrisburg, Eldorado, Galatia

The annual Mothers' March for Polio under the direction of the chairman, Mrs. Ed Brantley, will begin Monday, Jan. 28, at 4:30 p. m. with the members canvassing Harrisburg, Eldorado and Galatia.

Those wishing to donate are asked to turn on their porch lights.

The following chairmen head the Harrisburg school districts in the drive: McKinley, Mrs. Otis Hickey, Mrs. Evadene Woodruff and Mrs. Eleanor Blades; Horace Mann, Mrs. Bob Rushing; Logan, Mrs. J. W. Wintzler; Bayliss, Mrs. Weldon Tucker Jr.; Dorris Heights, Charles Lamar and Warren Priest; Liberty, Mrs. Betty Reynolds and Warren Priest; Dorrisville, Mrs. Brose Phillips.

Mrs. Alfred Smith will be in charge of the Galatia canvass, and the Eldorado drive will be under the supervision of Mrs. Bertis Herman.

The march will end at 6:30 p. m.

To aid the polio drive a radio show over station WEBQ will be presented Thursday at 8:45 p. m. and will continue until calls for donations stop. Musicians will play and sing favorite numbers of those donating. R. C. "Stopper" Adams will be in charge.

The Daily Register 30c a week

### State Police to Establish Sub- Post at Cairo

CAIRO, Ill. (AP)—The first Illinois state police sub-post in the state will be established here and another is being considered at Rockford.

State Police Supt. W. H. Morris said the sub-post here will be under the jurisdiction of District 13, whose headquarters are at Du Quoin, and will be manned on a 24-hour basis.

A building constructed by the Highway Department as a toll station in Cairo has been secured to serve as headquarters for the sub-post, Morris said. It will be placed in operation as soon as radio equipment can be obtained and installed.

The 17-county Du Quoin district has the largest area of any state police district in Illinois.

Morris said another sub-post is being considered for Rockford.

### District 13 Team Tops State Police In Pistol Shooting

DU QUOIN, Ill. (AP)—A five-man team from Du Quoin State Police District 13 received awards Tuesday as the best pistol shots among Illinois state police.

State Police Supt. W. H. Morris presented "high district" awards at Du Quoin to Sgt. Herbert Bramlet, Equality; Patrolmen James J. Turner, Vienna; Donovan C.

## Navy Transport Crashes; 1 Dead

YPSILANTI, Mich. (AP) — A Navy DC4 transport which was ordered to Michigan because of bad weather conditions in Illinois, crashed and burned in a blinding snowstorm Tuesday night, killing one passenger and injuring six crewmen.

The big ship was carrying the body of a Michigan naval pilot who was killed in an air accident last week. The plane was groping its way through a wind-whipped snowstorm in an effort to make a landing at Willow Run Airport near here. It went down two miles short of the runway and crashed into a gravel pit.

The dead passenger was identified as Lt. Cmdr. William E. Sale of the Coast Guard. He died while en route to a nearby hospital. Police said Sale's point of origin was San Diego but added that they did not know if he was based there, or lived in that city.

Four of the injured were taken to University Hospital and the other two were taken to Ypsilanti's Beyer Hospital. All were reported in good condition.

Evers, Mounds; Roy A. Lane, Harrisburg, and Dallas Shelton, Dahlgren.

The men competed against top teams from other state police districts. A team from district 10 at Urban finished second.

Morris said the awards were the first of their kind.

### Fail to Find Clues In Slaying of Sisters

(Continued from Page One)

where they would have been better concealed.

Patricia's body was found lying face up on top of her sister's. There were three puncture marks in a triangular pattern on Patricia's chest, which authorities said could have been made by an ice pick. Barbara's face was bruised.

A preliminary investigation showed that small animals had gnawed on the bodies.

It was the second multiple murder of Chicago school children in 15 months and under strikingly similar circumstances.

Police gave lie detector tests to three men Tuesday night and early today.

One of the men, Walter Krantz, a railroad steamfitter, first denied and then admitted he telephoned police with a report the sisters' bodies could be found in Santa Fe Park on the city's southwest outskirts. Their bodies were located only a short distance from the park.

### Admits Making Call

Krantz admitted during the lie detector test that he made the anonymous call to police last week, authorities said. He had been questioned last week, but released.

However, Krantz denied any knowledge of the crime.

Lt. James McMahon said when Krantz was asked how he happened to get the idea the girls' bodies were in Santa Fe Park, the steamfitter replied that he "dreamed it."

McMahon said he was "not satisfied" with the outcome of Krantz' lie detector test.

The girls disappeared from their homes three days after Christmas when they went to see a movie starring their idol, singer Elvis Presley, for the 11th time.

The girls' father, Joseph, identified their bodies as they lay in a ditch and then broke into hysterical sobs.

Their mother, Loretta, a divorcee, who also had insisted during the weeks of tense waiting that her girls had not run away, was near collapse.

The frustrating lack of clues was one of the points of similarity between the slayings of the sisters and the unsolved murder of three schoolboys in October, 1955.

The slayings of John Schuessler, 13, his brother, Anton, 11, and Robert Peterson, 13, touched off a continuing manhunt second only to the present investigation.

Only Monday, a group of wealthy Chicago men organized a crime detection institute and pledged a reward of \$100,000 for the solution to the Schuessler and Peterson slayings.

Leonard Prescott, 39, Hinsdale, Ill., who spotted the girls' bodies, said at first he thought they were clothing store dummies.

### Supreme Court to Rehear Arguments On State Use Tax

SPRINGFIELD (AP)—The Illinois Supreme Court today agreed to rehear arguments for and against the validity of the Illinois use tax, which it ruled unconstitutional last November.

### Cancel Mid-Week Service At Methodist Church

The midweek service of the First Methodist church is being cancelled because of difficulty in the heating system. The youth choir practice has also been cancelled.

## MARKETS

### LIVESTOCK

ST. LOUIS NATIONAL STOCK YARDS, Ill. (AP)—Livestock:

Eggs 18,000 cases; steadier; white large and mixed large extras 29½; mediums 27; standards 28; current receipts 27.

NEW YORK (AP) — Stock trading fell off to a mere trickle today as the financial district awaited President Eisenhower's annual economic report to Congress.

Price movements were as narrow as the trading was dull. At noon the Dow-Jones industrial average stood at 477.60, up 0.11; rails 149.83, up 0.33; utilities 69.85, up 0.24, and 65 stocks 169.34, up 0.22.

### Retired Marion Livestock Dealer Dies

MARION, Ill. (AP)—Ninety-year-old retired Marion livestock dealer W. T. Harris died Tuesday night.

Harris was a former Williamson County sheriff and treasurer and served eight years as Marion postmaster.

He was survived by five daughters and three sons, including Marion attorney Ralph W. Harris, former Williamson County Republican chairman.

### Brownfield Community Farmer Dies

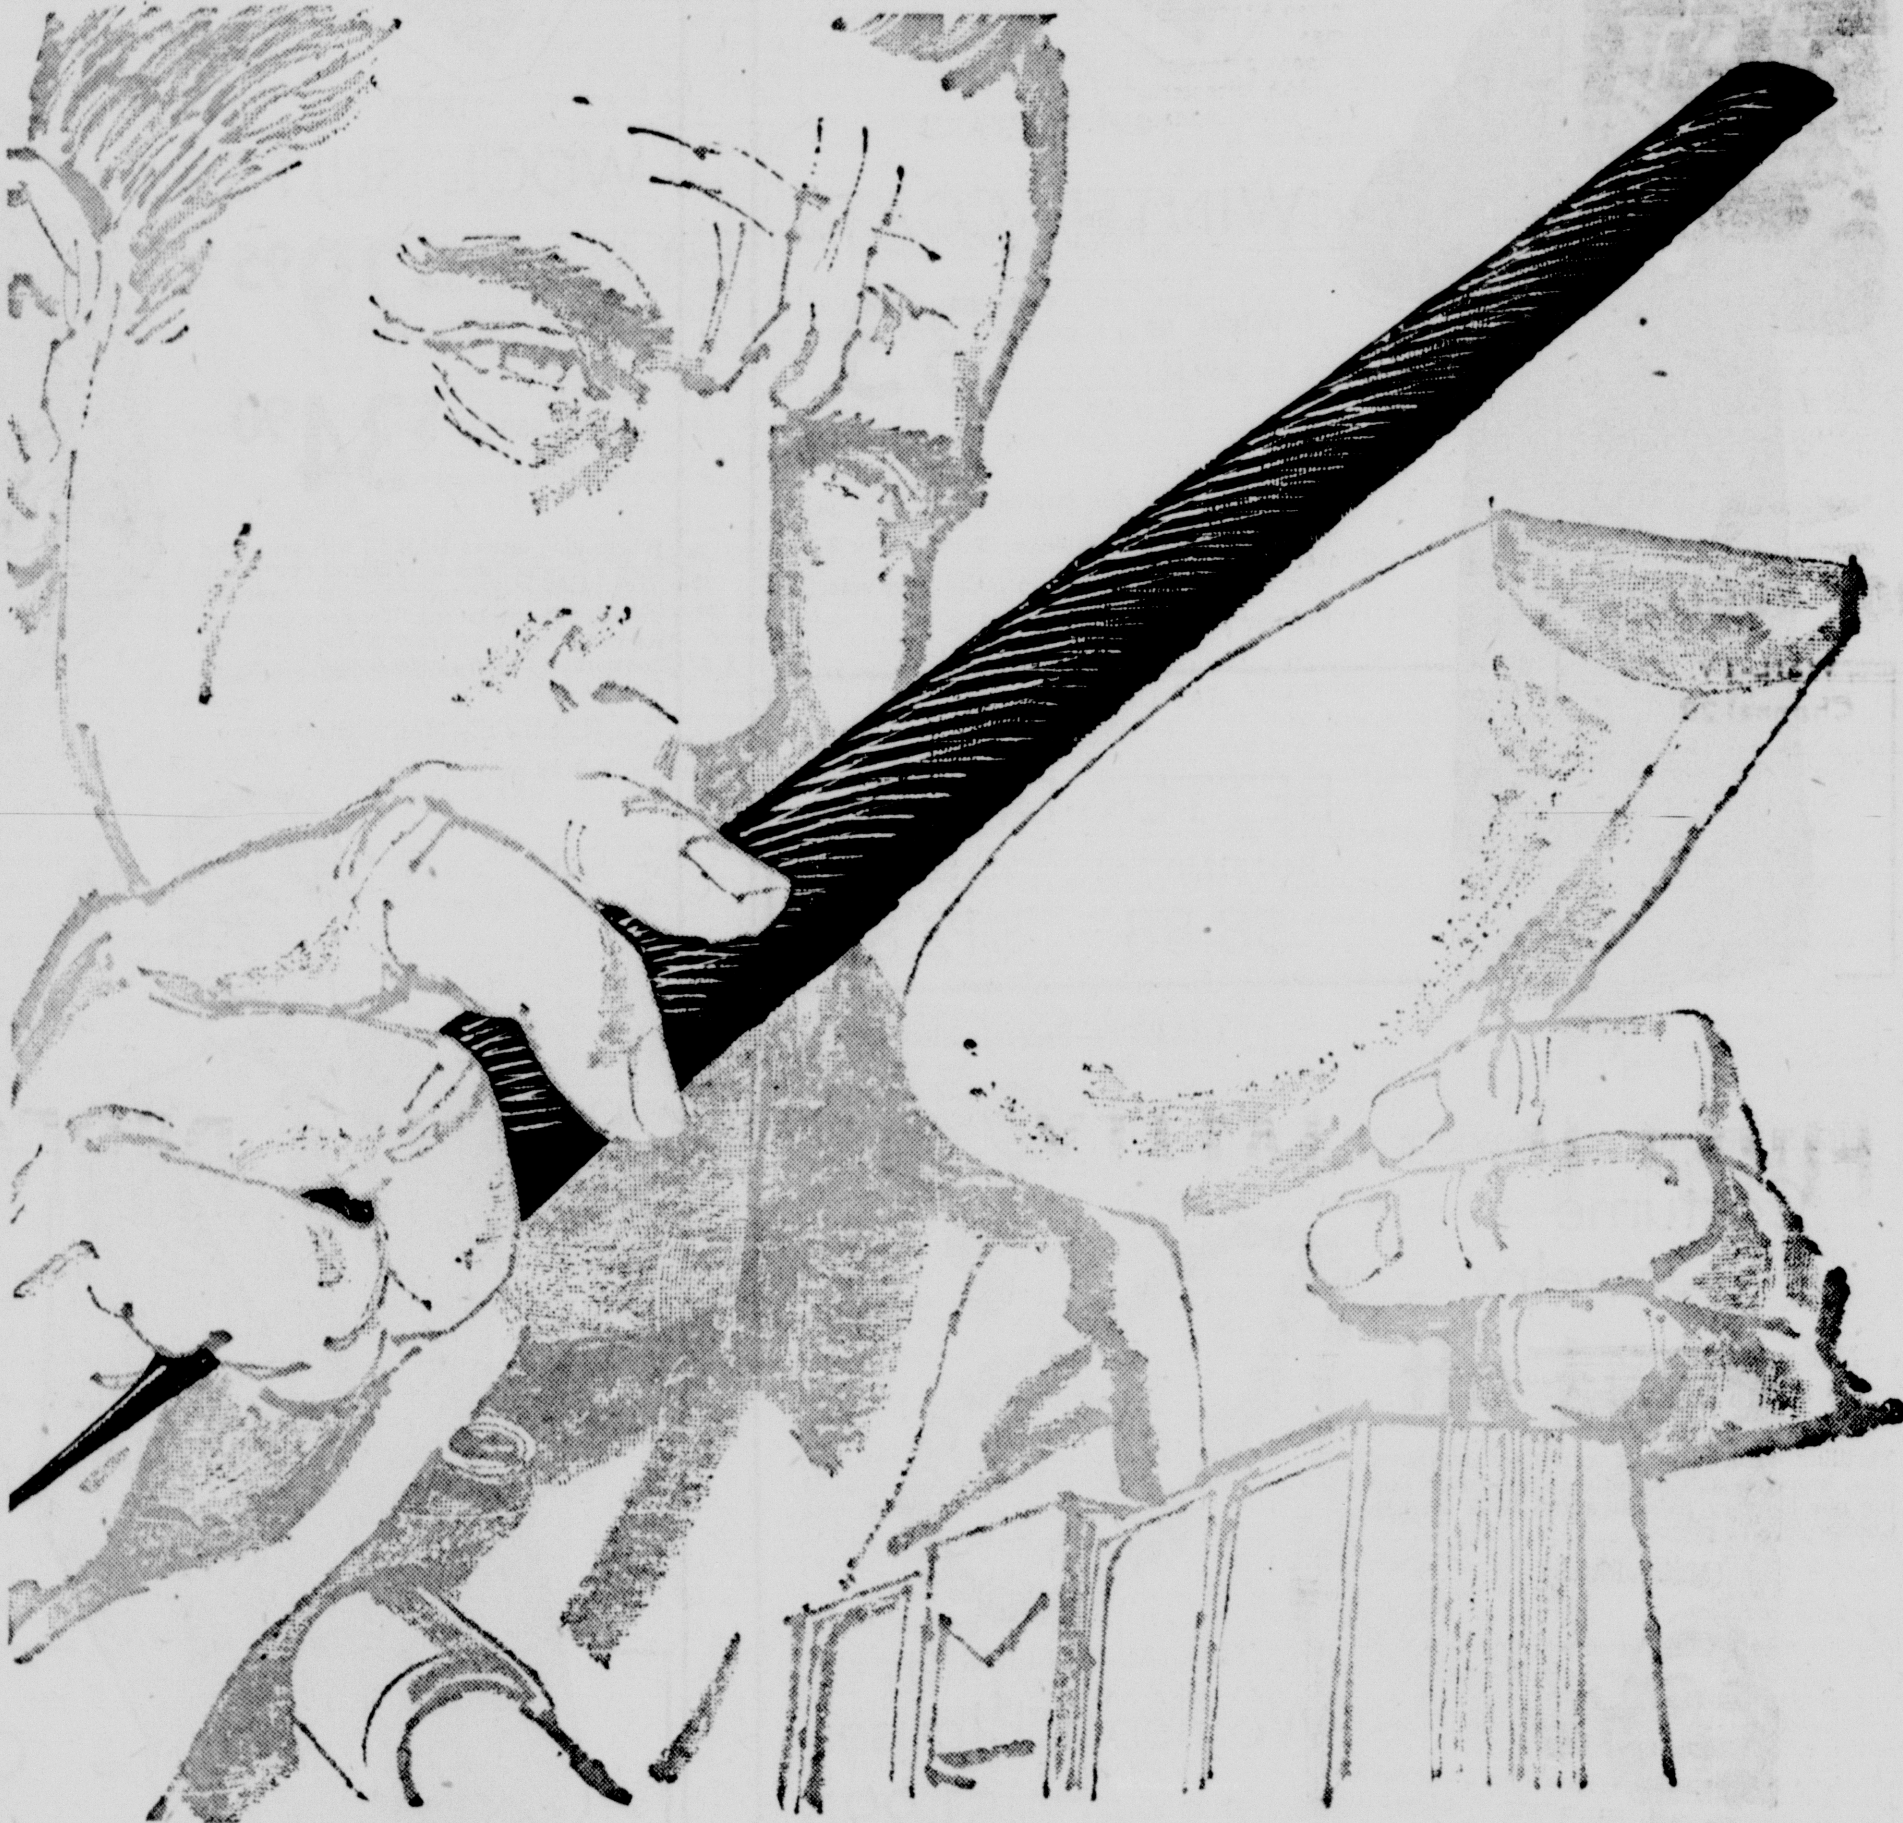

HARRY A. Densch, 74, well known farmer of the Brownfield community west of Golconda, died at 1 a. m. today at the Massac Memorial hospital in Metropolis. He was also a retired school teacher.

The body was taken to the Buchanan funeral home in Golconda and no definite arrangements have been made.

He leaves his wife, Mamie, and two children, Rue Densch of Golconda, and Mrs. Herman Gray of Florida; also several grandchildren.

More zinc and lead are produced in the area near Quapa, in north-eastern Oklahoma, than in any other area of the United States.

Franz Mesmer, an Austrian physician, popularized hypnotism and it came to be called "mesmerism" in his honor.

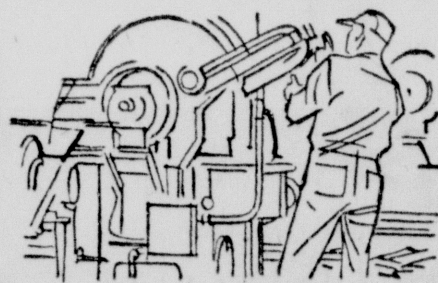

## How Texas Eastern helps put the bite in Nicholson files

A hard-biting Nicholson file has plenty of sharp teeth to sink into a job—because Texas Eastern helped put the heat on.

Texas Eastern transports natural gas via pipeline from the Southwest for Nicholson File Company's Providence, R. I., plant. Here it is used in forging, annealing, hardening and finishing—in every heat-treating process used in making files. Nicholson prefers natural gas because it is clean and doesn't have to be stored in the plant. Above all, gas heat can be closely regulated—a must in making a fine file—whether it's a coarse rasp or a delicate Silversmith's Riffler.

## County Group Attends Farm Bureau Meeting

Farmers from 35 southern Illinois counties met Thursday and Friday at the Emmerson hotel in Mt. Vernon to draw plans for an aggressive campaign to carry out state Farm Bureau policies in 1957.

Heading the Saline county delegation at the meeting was Ersel Vinyard, president of the Saline County Farm Bureau.

Purpose of the meeting was to give farm leaders an opportunity to discuss effective methods of putting 1957 resolutions of the Illinois Agricultural Association into action.

Also present from Saline county were: John C. Small, Mrs. John C. Small, A. J. Tison, Ben Wintzler and Raymond Vinyard.

Farm Bureau leaders were also informed of a revamped Service-to-Member program by Charles Mayfield, O. D. Bressenden and John Cox of the IAA.

They told of expanded services offered to Farm Bureau members in the fields of research, local government, publicity and promotion, legal and tax problems, and natural resources.

A catalog listing these services—some completely new and others expanded from earlier programs—will be published by the IAA during the year.

During the two-day conference, participants attended policy execution meetings covering three different phases of Farm Bureau activities. State, national, and institutional affairs received a thorough airing at the meetings.

Presiding at the opening session was Edwin Gumm, IAA director. To close the first day, Lowell Knox, Adams county Farm Bureau president, told the farmers how important it is to "get the job done" in 1957.

## Past President State Dental Association Dies

CARROLLTON, Ill. — Dr. N. D. Vedder, 76, past president of the Illinois State Dental Assn., died Tuesday night at his home.

Dr. Vedder was president of the association in 1942 and 1943. He served as president of the Madison District Dental Society in 1950.

He had practiced at Carrollton since 1901.

He is survived by his wife Edna, two sons, Herbert, Seattle, Wash., and Neil, Toledo, Ohio.

ERSEL VINYARD (left), president of Saline County Farm Bureau, is shown discussing policy action campaign for 1957 at a district leadership meeting in Mt. Vernon Thursday and Friday. Three such district meetings were held in the northern, central, and southern part of the state.

## President Reports Prosperity But Shows Concern Over Inflation

### Urges Business, Labor to Restrain Wage, Price Boosts

WASHINGTON — President Eisenhower again warned a prosperous America today of the danger of mounting inflationary pressures.

In his annual economic message to Congress, the President painted a glowing picture of state of the nation's economy.

He reported a record national output of \$412 billion of goods and services last year. Still climbing, the output hit an annual rate of \$424 billion in the final quarter of 1956.

But he coupled this favorable development with a stern lecture on the responsibilities of private firms and unions to help check threatening inflationary forces.

He warned again—as he did earlier in his State of the Union message to Congress Jan. 10—that continued prosperity depends largely on management and labor exercising restraint in wage and price boosts.

Mr. Eisenhower was cautiously optimistic about 1957.

"There are grounds for confidence that the nation's overall prosperity will be extended into the months ahead," he said.

He said prospects are good as to employment, earnings, consumer spending, government expenditures, business capital outlays, construction, foreign trade and investment.

"However, uncertainties and problems are always present in the economic situation and require careful attention," he said.

"These include the present international situation, the upward pressure of costs and prices, factors affecting capital outlays by business, and the provision of an adequate flow of new savings to meet the prospective heavy demands for funds."

The 200-page report, crammed with tables and charts, gave a detailed diagnosis of the U. S. economy. It listed rises in employment, production and income last year.

Average employment reached a new high of 65 million. Industrial production was up by 2 per cent. Personal incomes rose \$19 billion. Wages were up by about 6 per cent.

Despite the administration's

"tight money" policy, mortgage debt rose about \$15 billion and bank loans \$8 billion. Interest rates increased "sharply."

Mr. Eisenhower also said, with evident concern, that 1956 saw "the first significant general rise"—2.7 per cent—in consumer prices since 1952. Industrial price increases "on a broad front" averaged 8 per cent. Wholesale prices jumped 4 per cent.

### Avoid Price Boosts

And a round of wage boosts exceeded labor's increase in productivity, he said.

Because of these inflationary factors and the other "uncertainties," he called on Congress to hold taxes at present levels and to keep federal spending within limits of his \$71.8 billion budget.

He appealed to business to protect the public from unwarranted price boosts and to avoid excesses in plant expansion and use of credit.

He urged labor leaders to keep wage negotiations in line with actual increases in productivity.

Longest multiple arch dam in the world is Grand River Dam near Vinita, Okla.

## Thinking It Over

By Robert L. Dieffenbacher, D.D.  
(Written for NEA Service)

Why do children have to be told to comb their hair? One would think that they would like to be neater. Certainly they ought to pattern their habits after their parents, their teachers and their other adult heroes. We just cannot understand the carelessness of children.

Possibly the Heavenly Father feels the same sense of confusion about us. Why do we disobey His commandments? Certainly we want our lives to count for good in His kingdom. We really ought to know enough to pattern our habits in accord with the simple stories contained in the scriptures.

Is it possible that we are as careless or thoughtless as our children? Do we mean to displease God? Do we sin intentionally all the time?

Let us begin to think about our human and spiritual habits.

## Herrin Man Asks \$10,000 for Home Destroyed in Blast

MARION, Ill. — A man whose home was destroyed in the Herrin propane gas explosion last Oct. 18 has filed a damage suit for \$10,000 in Williamson County Circuit Court here. Ten persons died in the explosion and fire.

The plaintiff is James N. McGee. Defendants are Louis Scheffler of Herrin, owner of the propane gas truck which leaked gas into the area, and Roger Jacobs and the Illinois Electric Works Inc., of Elkhart, from whom Scheffler allegedly obtained the gas.

## HTHS Thespians to Accept New Members

The HTHS Thespian Troupe recently voted to accept seven new members on Jan. 30. They became eligible when they participated in the Junior play and are Tommy Wilkinson, Kendall McDonald, Kay Dixon, Karen Skaggs, Paul Miller, Linda Rude, and Sandra Kihlmire. Miss Eleanor Etherton, English and Dramatics sponsor at HTHS, is the sponsor of the Thespians.

No Thespian play will be presented this year because of planning for an operetta.

## Igneous Rock No Cause to Abandon Coal Acreage, State Report Says

URBANA, Ill.—Abandonment of prospective coal acreage or operating mines because igneous rock has intruded into the coal beds is not warranted in Illinois, according to a new Illinois State Geological Survey publication, "Igneous Intrusive Rocks in Illinois and Their Economic Significance."

That occurrences of igneous rock in Illinois coal mining areas has proved troublesome, both in prospecting for new areas and in operating active mines, is indicated by the numerous requests for information received by the Geological Survey, a research division of the state Department of Registration and Education. Not only is the rock itself an obstacle, but the coal adjacent to it generally is charred and useless as a result of the heat given off when the molten material, from which the igneous rock formed, intruded into the coal beds.

Although dikes and sills of igneous rock may present problems to mining operations, once the strike direction of a dike has been determined its presence can be anticipated in planning subsequent mining, the authors state. The sills are not generally large in Illinois.

The pamphlet, published as Report of Investigations 197, is available from the offices of the Illinois State Geological Survey, Urbana, for four cents postage until March 8, after which it will be 25 cents.

### Two General Areas

Kenneth E. Clegg, an assistant geologist in the Survey's coal division, and James C. Bradbury, associate geologist in the industrial minerals division, co-authors of the publication, collected all reported information on the extent of igneous rock occurrence in the Illinois coal basin and assessed its economic importance. They discuss the types of intrusive rocks found and how they are recognized. On a separate map the authors have shown the location of all reported occurrences of igneous rock in Illinois.

Igneous rocks are uncommon in Illinois and have been reported mainly from two general areas, the southern edge of the Illinois coal basin and the fluorspar district of southern Illinois.

With the exception of a reported occurrence at Absher, in Williamson county, all known igneous rocks in the coal basin are in Galatin and Saline counties, mainly in a belt trending northeast through Omaha, Eldorado and Harrisburg. Clegg and Bradbury note, however, that the area between the coal and fluorspar districts probably contains such rocks also.

The rocks occur as underground "dikes" or may spread out in horizontal sheets or "sills" along the coal deposits. As they are present in areas where the bedrock is cracked by faults, they are thought to have oozed up through the cracks made by the subsidence or upheaval of the bedrock in remote times.

Pamphlet Available  
The report concludes that problems of mining or loss of coal be-

# Eagles Defeat Zeigler, 83-56

The Eldorado Eagles, continuing their "new look" basketball that was introduced after New Year's, walloped Zeigler Tuesday night 83-56. The game was played at Eldorado.

The Eagles, long known for their deliberate style of play, came out running against McLeansboro Jan. 4 and made it pay off for an unexpected victory. Continuing the pressing defense and speeded attack Eldorado threw a big scare in West Frankfort before losing 54-48. Then the Eagles won from Johnston City and added another victory last night, to make it three in a row against one defeat this month. Overall Eldorado's record is 5-8.

The Eldorado press gave Zeigler trouble through last night's game as the Eagles warmed up for the annual Saline County tournament that starts Friday night in Davenport gymnasium.

Don Kingery, senior forward, was high point man with 27 markers in the Eldorado attack that saw 12 players break into the scoring column.

Larry Hiller with 21 points paced Zeigler.

In gaining the win Eldorado shot 66 times from the field and hit 31 for an average of .470. Zeigler hit 18 of 41 for .439.

Eldorado won the preliminary game 52-47.

The box score:

	FG	FT	TP	PF
Eldorado (83)	11	5	27	3

# Taylorville Grid Coach Resigns

TAYLORVILLE, Ill. — Donald M. Johnson, 30, Taylorville high school football coach, today announced he has submitted his resignation, effective at the end of the current school year.

Johnson, who also teaches social science at the high school, has been on the school staff since 1949, and became varsity football coach in 1952.

The Taylorville Tornadoes chalked up a record of 18 wins, 23 losses and 4 ties under Johnson's leadership.

The coach said his plans were indefinite, but he hoped to continue teaching and to continue his athletic work. He resigned, he said, because "I haven't been able to accomplish my objectives" by turning out a winning team.

# Saddler Quits; Title Between Hamia and Costa

NEW YORK — European champion Cherif Hamia of France laid claim today to Sandy Saddler's vacant featherweight championship but faced the prospect of at least one bout before gaining official recognition.

The U. S. National Boxing Association announced it would accept the winner of a bout between Hamia and Carmelo Costa of Brooklyn as the new 126-pound ruler.

The New York state Boxing Commission, which is not an NBA member, promised to issue its opinion on the title by Friday and indications were strong that it, too, would demand Hamia meet at least one major foe to gain the crown.

Saddler's seven-year reign as king of the featherweights ended Tuesday when his manager, Charley Johnston, announced the New Yorker is quitting boxing in order to save his sight. Saddler claims injuries suffered in an automobile accident here last July 27 have resulted in partial blindness.

Dr. Thomas W. Matthew, a neurosurgeon, who has been treating the 30-year-old Saddler, said, "I have advised Sandy that if he boxes again, he will run a grave risk of going completely blind. Sandy is in agreement, although it means giving up his livelihood. He still retains partial vision and, if he does not go back into the ring, there is a fair chance he will retain what sight he has left."

In Paris, Saddler's announcement was followed by Hamia's title claim, made for him by his manager, Philippe Filippi.

# Galatia, Ridgway, Equality Win Tilts; Suttner Scores 51 Points

Galatia won the only Greater Egyptian conference game played Tuesday night, defeating Pope County 81-49. The game was played at Galatia.

Two GEC teams, Ridgway and Equality, went outside the loop for games and gained the victory. Ridgway swamping Thompsonville 94-43 and Equality outscoring Enfield 77-63.

Galatia now has a 5-3 record in the conference and Pope County has won but once in eight starts.

With McFarland showing the way with a total of 30 points, Galatia led at the end of every quarter, jumping away to a 22-17 first period advantage. At halftime the winners were in front 42-29.

This was the second victory of the year for Galatia over Pope Co., the Saline county crew having won at Pope Co. late in November 68-55.

In non-conference play Ridgway travelled to Thompsonville and ran up a 94-43 margin as Roger Suttner, 6-8 sophomore center, played an exceptional night.

Suttner scored a total of 51 points. In gaining scoring honors Suttner hit 20 field goals in 25 attempts and was successful on 11 of 15 free throws. He blocked 25 of the opposition shots and was credited with grabbing 45 rebounds.

As a team, Ridgway scored 37 field goals in 52 shots for a plus 700 average.

# Rule Unions May Strike After 60-Day Notice

WASHINGTON — The Supreme Court ruled Tuesday that unions signing contracts of indefinite duration may legally strike after expiration of a 60-day notice of management of a desire to renegotiate.

Chief Justice Earl Warren announced the 8-0 ruling. Justice William J. Brennan did not participate.

The opinion reversed the 8th Circuit Court and affirmed a 1954 decision of the National Labor Relations Board.

The case focused on a provision of the Taft-Hartley labor law which says no strike can be called for 60 days after notice to modify or terminate the contract "or until the expiration date of such contract, whichever occurs later."

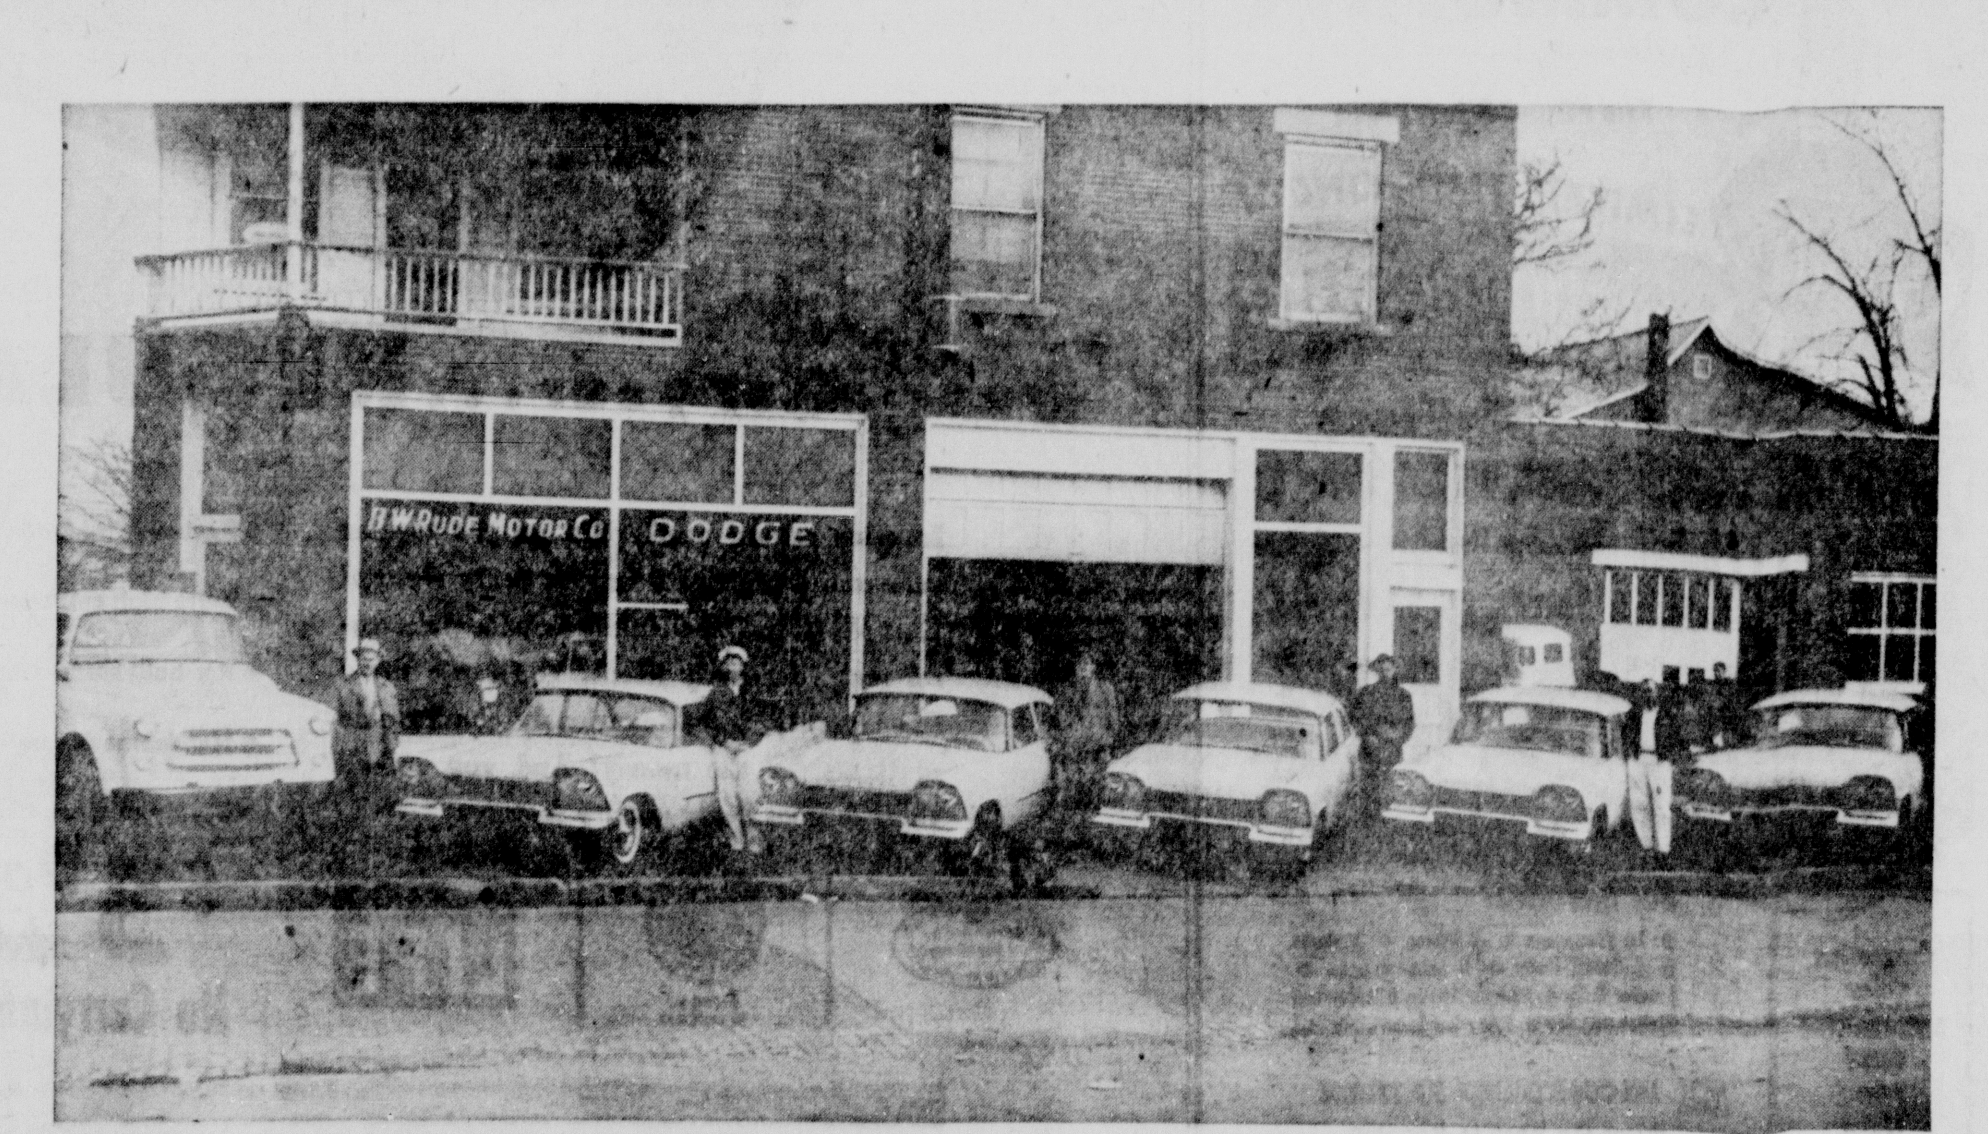

The parties to the contract in question were the Oil Workers Union and the Lion Oil Co., since merged with Monsanto Chemical Co.

# HTHS Band Presents Concert at Junior High

The HTHS band recently gave a concert at the Junior high school. The band played various numbers, among which were the Star Spangled Banner, Klaxon, Monterey, Singing the Blues, and the Bombasto March. Patricia Moore also played a solo on the flute.

Shrapnel was invented by Lieut. Gen. Henry Shrapnel, of the British army. His first shell was used in Surinam in 1804.

# B. W. Rude Delivers Fleet of New Plymouths, Dodge Trucks To Dairy Brand

PICTURED ABOVE ARE THE FIVE NEW 1957 PLYMOUTH AND ONE OF THE SEVEN V-8 DODGE TRUCKS which were delivered recently to Dairy Brand by B. W. Rude Motor Company. The new vehicles, for use by the Dairy's sales and customer relations personnel,

represent the newest and finest in safe, economical transportation, and with the familiar Dairy Brand emblem painted in red on their bright yellow finish, they'll be rolling examples of Dairy Brand's recognition of Dodge and Plymouth quality and dependability.

## Automobile License Applicants Warned To List Townships

SPRINGFIELD —Secretary of State Charles F. Carpenter today warned auto license applicants not to overlook a new provision on their license applications requiring the listing of township of residence.

The township identification provision is for the benefit of county boards, for the use of local tax officers, primarily in assessing personal property taxes.

The requirement was added this

year at the request of county boards throughout the state, Carpenter said. By law, registration information is passed on to the county clerks in each county.

The township identification requirement does not apply to counties having a commission form of government.

Approximately 99 per cent of the body's calcium content is in the bones and teeth.

First free library in America was started at Charleston, S. C., about 1695.

## SIU Awarded \$118,000 for Research In Training for Mentally Retarded

CARBONDALE, Ill. —Announcement was made here today of a \$118,000 grant to Southern Illinois University, where psychologists and speech and hearing clinicians have begun the first phase of a long-term research study on development of educational training methods for mentally retarded children.

Dr. I. P. Brackett, director of the SIU Speech and Hearing Clinic, and Dr. Noble Kelley, chairman of

the psychology department, said that the U. S. Department of Health, Education and Welfare has awarded the department a \$118,000 grant to finance the first two years of the project. Under terms of the joint grant, the University has also agreed to support the research with staff personnel and equipment.

Brackett said the grant, which the two departments have been seeking for over a year, was awarded under Public Law 531. The first work, already underway, involves combing the files of school, area and state agencies for children to use as subjects for the study.

Formally established to explore "Perceptual and Response Abilities of Mentally Retarded Children," the project will be carried out in a new visual and auditory perception laboratory on the SIU campus. The laboratory has been partially equipped with funds previously awarded for psychology research.

Brackett said that although the initial phase of the study will deal with testing and classification, it has ultimate implications into the development of a standardized test

and educational training system for all mentally retarded children. "Further government support will hinge on the results within the next two years," he said.

Dr. John Anderson, assistant professor of speech and a Clinic staff member, has been appointed project coordinator. Dr. Chester Atkinson of the Clinic, and Dr. Israel Goldiamond and Dr. Leslie Malpass, psychologists, will be principal investigators.

Italy has more earthquakes than any other country in the world except Japan.

Oldest newspaper on record is the Strasbourg Relation, published in Germany during 1609.
